April 28th – May 13th, 2009

Interactive Art Exhibiton

Escuelab (Jirón de la Unión 1044, 5th Floor, Lima)

Free admittance *Rainbows (Interactivos? Lima '09)* / Monday to Saturday: 12h00 – 20h00 / Sunday: 11h00 – 16h00

Young Canadian artist Kyd Campbell participates in the *Interactivos? Lima '09* exhibition with her creation *Rainbows*. She designed this interactive installation to "recycle" digital images discarded by an anonymous public. The apparatus gathers and transform those digital images, then turns them into a natural phenomenon: a rainbow.
